Equipment? Bring your own equipment if you have it, but masks, jackets, and weapons are available to borrow.

June Ambrose always runs a **fun** tournament! This is a non-USFA sponsored event, geared towards **beginning fencers** who have not fenced in a tournament before, or who do not have electric equipment. There are usually three levels: beginner, intermediate and advanced. Using a "pool" format, you'll get to fence all the other people in your group. Plan on spending a **fun** afternoon **fencing and meeting people** from other fencing classes!

The advanced strips sometimes use electric scoring equipment; if you have the gear, bring it!

Calling All Directors! We try to have directors on the beginner and intermediate strips. This is a good opportunity for more experienced fencers to practice directing foil in a fun, no-pressure competition. If you are interested in directing or have any questions, please send a note to June (at) timbuk.to or call (408) 732-1381.
